UPDATES & REMINDERS:

Food & Beverage Events

For all resident events where food and beverages are being served, residents are required to sign up in the mailroom prior to the event. This helps us plan appropriately and ensure there is enough food and drink for everyone attending.

Please Clean Up Spills Immediately

If you spill a drink, food, or any other substance in a common area, please clean it up right away. Leaving spills unattended creates a safety hazard and could result in someone slipping and falling. We appreciate everyone's cooperation in helping keep our community safe and clean.

Elevator Issues

The elevator issues experienced in June were caused by a beverage spill that traveled down the elevator shaft and damaged a component that should never come into contact with liquid. This resulted in costly repairs and service interruptions for all residents. Please use lids on all beverages when traveling through the building and exercise caution to avoid spills. Taking these simple precautions can help prevent future elevator outages and keep our building operating smoothly. Thank you for your cooperation and consideration for your neighbors and community.

OFFICE TEAM

Patricia's Corner

July and ice cream go together like sunshine and sunglasses. So here's my question: Why is it that when we were kids, a scoop of ice cream was enough, but now we need two scoops, hot fudge, sprinkles, whipped cream, and a cherry on top?

I recently discovered that choosing an ice cream flavor can be more stressful than choosing what to watch on TV. Chocolate? Vanilla? Butter pecan? The pressure is real!

My advice for July: Eat the ice cream. Worry about the flavor tomorrow.
